Mr. Brand said he was in favor of Mr. Brand said he was in favor of doing everything possible at Bog meadow and was sorry the city could not put the \$99,000 into the project.

Dr. Harriman endorsed the idea of mulding the improvement so that all the water can be saved until conveyed to Fairview. He said there was no idea of making it a storage reservoir. Considering both of these, he said, we might go away full of pessimism for the future were it not for the facts introduced by his subject, the mighty principle moving among the people that brings hope and cheer, the new spirit of evangelism that will prove the downfall of greed.
